

Figure 5. Dam Site Proposed Exploration Plan - 2014

This figure contains Critical Energy Infrastructure Information (CEII), which is being withheld from public viewing, in accordance with FERC's Order No. 630-A.

Figure 6. Relict Channel / Borrow Site D 2014 Exploration Plan

This figure contains Critical Energy Infrastructure Information (CEII), which is being withheld from public viewing, in accordance with FERC's Order No. 630-A.

This figure contains Critical Energy Infrastructure Information (CEII), which is being withheld from public viewing, in accordance with FERC's Order No. 630-A.

This figure contains Critical Energy Infrastructure Information (CEII), which is being withheld from public viewing, in accordance with FERC's Order No. 630-A.

Figure 9. Proposed Seismic Hazard Study Areas - 2014

This figure contains Critical Energy Infrastructure Information (CEII), which is being withheld from public viewing, in accordance with FERC's Order No. 630-A.

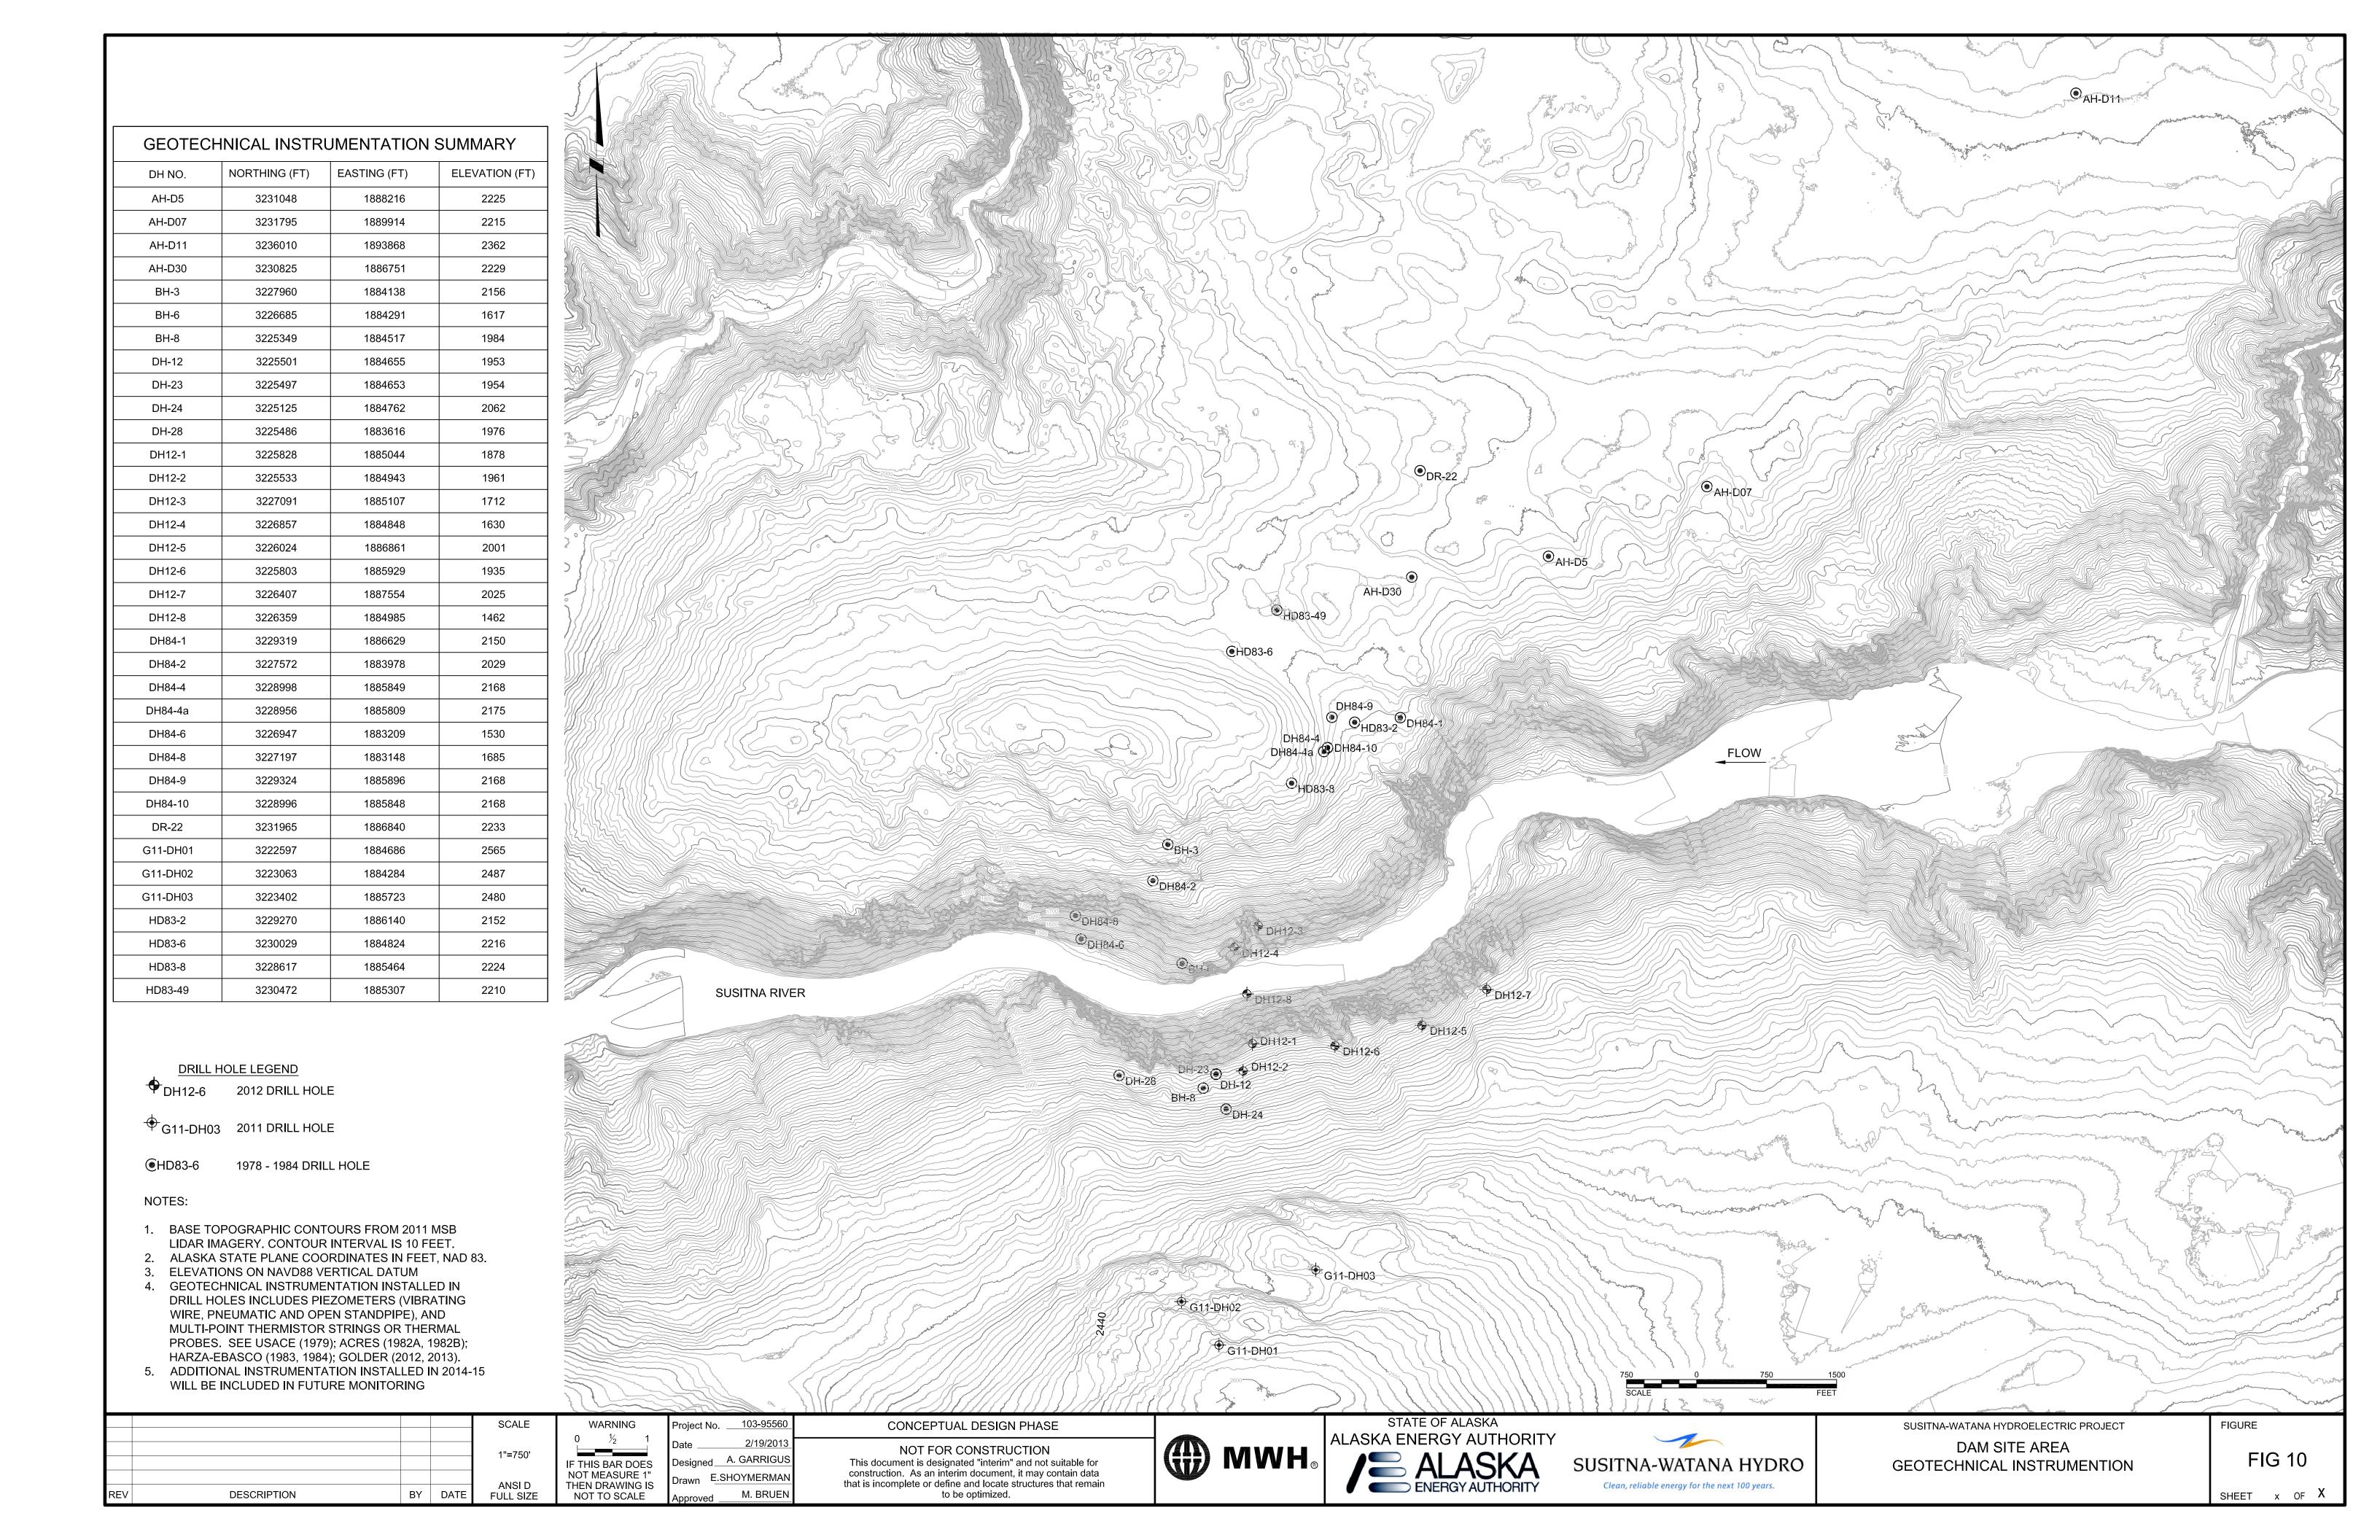

Figure 11. Proposed Exploratory Adits Plan

This figure contains Critical Energy Infrastructure Information (CEII), which is being withheld from public viewing, in accordance with FERC's Order No. 630-A.

This figure contains Critical Energy Infrastructure Information (CEII), which is being withheld from public viewing, in accordance with FERC's Order No. 630-A.
